DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-10, drawn to a process for producing a synthetic resin molded article.

Group II, claim(s) 11-17, drawn to a molded article.

Group III, claim(s) 18-24, drawn to a bathtub and a process for reproducing a bathtub.

2. Evidence of lack of unity between groups I and II is found in JP 08-090688 wherein it is found to disclose the features of instant claim 1. As such, the special technical features of the claimed invention are not found to define a contribution over the prior art under PCT Rule 13.2.

3. The invention listed as Group III does not relate to a single general inventive concept with Groups I and II under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Group III has a special technical feature directed to a bathtub that is not required for Groups I-II.

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the

Art Unit: 1772

currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Priority

6. Acknowledgment is made of applicant's claim for foreign priority based on applications filed in Japan on May 26, 1998, January 29, 1999 and May 10, 1999. It is noted, however, that applicant has not filed copies of certified copies of the 10-144146, 11-022512 and 11-129058 applications as required by 35 U.S.C. 119(b).

Information Disclosure Statement

7. The IDS submitted to PTO on February 13, 2001 consisting of Walker et al. (U.S.5,794,207) does not have any relevance to the instant application. An IDS intended for another application may have been included in the instant application. If another IDS was intended to be filed for the instant application, please submit.
